

Paine's Celery Compound Cures

Nervous, Weak, Sick, and Broken-down Men and Women.

Has Saved Thousands from Agony, Suffering and the Grave.

The Great Spring Medicine that Cures When All Others Fail.

Eminent Professional Men, People of Wealth, and the Ordinary People Declare that Paine's Celery Compound Has No Equal.

WELLS & RICHARDSON CO.,
Dear Sirs:—I take this opportunity to thank you for the kind words contained in your valuable discovery, Paine's Celery Compound.

For years I have suffered from constant sick headache; at times I have been unable to sleep at night and I have been forced to sleep two or three hours at a time.

I have tried many medicines and discovered a good one, but never received a bottle of it, nor was it available from them that I have obtained from Paine's Celery Compounds. After using three bottles of it, my headache was greatly relieved and I feel healthier and fresher than I have done for years.

I have since taken a few weeks' vacation and have been able to obtain a slight degree of ease. Before I had taken even one bottle of this medicine I had a severe attack of headache and took in all fourteen bottles with grand results. I am a farmer and am now physically strong and healthy again.

During the winter I have been ill,

and have been unable to get well again.

Yours very truly,

John E. Wilcox, Cresson, Ont.

THE BUDGET.

Finance Minister Fielding makes his Statement on Budget—Taxes and Income—How to make Money Cheaper—New Preference Scheme—More taxes on beer—Should Red Ptridges be Broken.

Special Correspondent to the Star.

Orlando, April 11, 1897.

Mr. Fielding made his budget speech last week. Here are some of the announcements: The net debt of the Laurier Government came in was \$205,497,432. At the end of last June, the net fiscal year of the new system closed it had increased \$304,116, and \$4,497,432. Now the net debt has more brought it up to \$254,000,000. Mr. Fielding estimates a further growth during the next three months which will make the increase for the year \$4,500,000, and \$7,500,000 in the two years.

The expenditures on ordinary account was in last year the late government, \$36,549,112. In Mr. Fielding's first year he cut the cost of governing the country to \$30,729. This was only three quarters gone, but the Finance Minister is able to give an almost exact estimate of what he will do which he places at \$8,750,000. He also submits an estimate for the year coming up, and the result is that there is still another \$14,000,000.

The House was asked for that money for which must be voted this session. The House was asked for that amount in its first year \$14,000,000 over the outlay of the previous year. It is enough to meet the cost of government for the year, and expects to spend in his third year \$37,000,000 more than in his first year, or more than two millions in excess of what is required for the public services under the late government. It will be difficult for Sir Wilfrid to take a bill before the House, "to economise one, two or three millions." Mr. Fielding in the speech said that the House is still not to economise; that it is still easier not to economise.

The Duties.

The increased expenditure, especially the large number of administrative expenses, charge of justice, police, legislation, immigration, quarantine, arbitration, geodetic survey, Indian customs, post-office and miscellaneous are among the items of increase. There was an increase in the revenue, but only one-third of the increases, and the net result is as stated above.

Mr. Fielding said that the House had told of the great prosperity that Canadians are now enjoying, chiefly by reason of the great crops. The ministers for foreign trade, certain manufacturers are also prosperous, but Mr. Fielding did not designate any or it would be better to say that they are ones which have been let alone in the tariff changes. The finance minister also said that the revenues had greatly increased, that the price of Grand Trunk and C. P. R. shares have gone up, and that the railways are carrying more freight than usual, and that bank deposits and bank circulation have increased. Mr. Foster said, "He also dwelt upon the value to a country of the Yukon and Kootenay mineral wealth. It is one effect of the great commercial activity that the revenues of last year were \$1,21,000,000 more than the year before."

Mr. Fielding said that the total \$1,500,000 more this year than last year, or \$2,700,000 more than Mr. Foster said. He also said that there was a deficit of half a million on current account last year, and Mr. Fielding only commented on the fact that this year, we may discover where he would be to-day if the revenue experiments by increasing the rates of taxation had not taken place. He will take in during the year \$3,900,000 more than the revenues of last year, and the profits and the like will show a saving of \$7,500,000 on a profit of the United States.

The Duties.
On the Tuesday after Easter Mr. Fielding will review the budget. He had held out on Wednesday and the de-

AWFUL AVALANCHE. TERRIBLE DISASTER TO PROSPECTORS ON THEIR WAY TO YUKON.

**Buried Under Mountains of Snow—
Twenty Five Men Lost.**

Twenty Five men lost their lives in the snow storm between Fortymile and the Yukon River, Shagway, April 2 (via Seattle, Wash., April 11).—Fifty people were overland by the snow trails on the Chilkat Trail today, and are either buried in the snow or are missing. The trail has been closed in a mile or less injured condition. The posts at which the accident occurred were washed away by the Yukon River. The telegraph station is two miles distant. The telephones were broken and the trail was cut off by the snow slides. This fact makes it difficult to obtain further particulars at this time. A blindfolded man could not tell where he had been upon the summit, and as a consequence many of the survivors were lost.

Twenty-five people were overland upon the summit, and as a consequence many of the survivors were lost.
